DOUBLE BOARD CERTIFIED HAND SURGEON

Dr. Sepehr Sajjad, founder of **CONNECTICUT HAND CENTER**, is a double board-certified surgeon, fellowship-trained in hand and microsurgery and specializes in minimally invasive hand, wrist and elbow surgery. He treats chronic and acute hand disorders such as carpal tunnel, cubital tunnel, trigger finger, hand and wrist fractures, congenital and pediatric hand and wrist disorders, performs total wrist replacement surgery, and specializes in sport and work-related injuries.

Dr. Sajjad is a leader in the field of hand surgery and has helped to develop and produce surgical instruments for minimally invasive surgery. His office conveniently provides emergency hand care, in-office diagnostic imaging, physical and occupational therapy with a certified hand therapist, diagnostic testing, and same day surgery. Patients find comfort knowing a supervised and coordinated team at the Connecticut Hand Center can address all of their entire upper extremity ailments. www.CTHandCenter.com

HEALTHY NEVER LOOKED SO GOOD

Connecticut's leading experts on varicose veins and spider veins can improve your comfort and confidence with their virtually pain-free treatment options that include Sclerotherapy, Varithena, VenaSeal and VNUS Closure. Most procedures take less than one hour and patients can resume normal activity the same day! Dr. Kaveh Davoudi at the **VEIN INSTITUTE** offers the most comprehensive, state-of-the-art treatment modalities available for varicose veins and spider veins.

Left untreated, varicose veins can cause the legs and feet to swell. Leg muscles may feel fatigued or throb and cramp at night. The skin at or around the spider veins or varicose veins can itch or burn, and can occasionally lead to more serious problems. The Vein Institute was formed exclusively to meet the treatment needs of patients with venous disease. Dr. Davoudi is Board Certified in Vascular Surgery, and is experienced in venous disease treatments. Venous insufficiency procedures are covered by most insurances. www.VeinInstituteCT.com

FAITH • ACADEMICS • COMMUNITY

ST. CATHERINE OF SIENA SCHOOL is a Catholic School educating students in grades Pre-kindergarten through grade 8. There are many advantages of a Catholic School education. Smaller in size than their public school counterparts, St. Catherine students, teachers & families forge strong, personal relationships that shape the whole child, academically, emotionally & spiritually.

St. Catherine's students are held to the highest academic standards and place in competitive high school programs throughout the region. Parents find that SCSS is a family-centered community. With events such as their annual Movie Night, Pizza with Santa, Apple Fun Run & their Annual Golf Outing, there is no shortage of opportunities for family & parent involvement. Faith is central to all they do at SCSS. Their parents value the strong moral compass that guides their teaching and learning and feel that these values should be central to a child's education. www.STCatherineSienaTrumbull.org
